### Hints from the Judges:

- ✓ Take blighted petals off, leave a few leaves on.
- ✓ Take off extra buds on “Rose Bud” or single bloom category.
- ✓ Remove diseased leaves or leaves with holes.
- ✓ Rose buds must be open a little to show opening petals coming from centre.
- ✓ Cut Coleus 3 days before needed. Immerse stems in water to prevent drooping on judging day.
- ✓ Insert small wad of newspaper behind single stem to make stem firm and prevent container from falling over.
- ✓ Bowl – round container, is wider than is high and must be viewed from all round.
- ✓ Trough – rectangular container.
- ✓ Protea is NOT native to Australia. Geraldton Wax is a native of Western Australia.
- ✓ Single Flower Category – the flower must be dominant. Not the foliage.
- ✓ Specimen is a SINGLE stem.
- ✓ First named must be predominant eg **Fruit & Flowers**, **Flowers & Driftwood**.
- ✓ Pot Plants must be exhibited in the pot grown in (must NOT be a pot in a pot).
- ✓ Distinct means different colours, or different type of.
